#### Objective:

Skilled and experienced web developer seeking a position to utilize my technical expertise and creative abilities in designing and developing cutting-edge websites and web applications.

#### Education:

National diploma in Quantity surveying

Kaduna polytechnic, Kaduna, Kaduna state

Year: 2022

#### Skills:

Proficient in HTML, CSS, JavaScript, and other web development technologies Strong knowledge of front-end frameworks such as React

Experience with back-end technologies like Express

Familiarity with version control systems like Git

Solid understanding of responsive design principles and cross-browser compatibility

Ability to write clean and efficient code

Strong problem-solving and debugging skills

Excellent teamwork and communication abilities

Work Experience: Web Developer

Khemsafe Computers and business school, Kaduna, Kaduna state

Dates: 2021 - 2023

Designed and developed responsive websites and web applications using HTML, CSS, and JavaScript.

Collaborated with a team of designers and developers to create user-friendly interfaces and engaging user experiences.

Implemented front-end frameworks (i.e React) to enhance website functionality and improve performance.

Utilized back-end technologies (i.e Express) to develop server-side logic and APIs.

Integrated databases (e.g., MongoDB) and implemented efficient data storage solutions.

Conducted thorough testing and debugging to ensure optimal performance and identify and resolve any issues or bugs.

Worked closely with clients to understand project requirements, provide technical guidance, and deliver high-quality solutions within deadlines.

Stayed updated with the latest web development trends and technologies to suggest improvements and optimize existing codebases.

Projects:

Mix- Musik: Developed a responsive Audio music player website using React.

Shoe-drop: Created a web page for shoe display using HTML, CSS and JavaScript.

Online-store: Developed an e-commerce landing page website using HTML, CSS, showcasing
