Profile

Software engineer and founder of Kimana, a cross-border payments platform for African trade SMEs. I build backend services and Soroban smart contracts in Rust, and frontends in Next.js.

Technical skills

- Languages: Rust, TypeScript, JavaScript, SQL, HTML, CSS
- Backend and Web3: Soroban smart contracts, SQLx, Node.js, Express.js
- Payments APIs: Bridge, Yellow Card
- Databases: PostgreSQL (schema design, migrations)
- Frontend: Next.js, React, Tailwind CSS
- Tools: Git, Linux (Ubuntu, Debian), Vercel

Projects

Kimana, cross-border payments platform

Founder, Mark Adakole Odiba· 07/2026 to present · kimana-frontend.vercel.app

- Came up with the product: cross-border payments for African trade SMEs, handling NGN, USD and EUR.
- Built and deployed the Next.js frontend on Vercel, including onboarding with monthly limits and risk rating.
- Integrated the Bridge and Yellow Card APIs into the Rust backend for USDC purchase and conversion.
- Team stack: Rust, PostgreSQL, Next.js.

Axiom State Monitor and Zenith Vault, Stellar Wave

Open source contributor · 04/2026 to present ·

- Built Soroban contracts in Rust for a yield vault and a tool that monitors contract storage TTL.
- Implemented token-standard behaviour so vault balances and asset state stay deterministic on-chain.

Rust and PostgreSQL backend service

Personal project · 03/2026 to 04/2026 ·

- Built a Rust backend on PostgreSQL using SQLx, with compile-time checked queries.
- Set up versioned SQL migrations with foreign key constraints.

MkArt, e-commerce platform for digital art

Personal project · 11/2024 to 03/2025 ·

- Built a store for digital art with user accounts, product listings, cart and checkout.
- Built an admin dashboard for managing products and orders, responsive across devices with Next.js and Tailwind CSS.

Professional experience

Web Developer, Khemsafe

Kaduna, Nigeria · 10/2022 to 09/2024

- Built and maintained responsive web apps with React, Next.js and Express.js.
- Built accessible interfaces with Tailwind CSS.
- Worked with designers and other developers to ship new platform features.

Education and certificates

- HND, Quantity Surveying, Kaduna Polytechnic, 2024
- Diploma in Web Development, Khemsafe
